MOON PHASE MAGICKS

WHAT IS IT ABOUT?

Whether you are 'magically inclined' or not, there is something undeniably powerful about the pull of the moon. Closest as it is to Earth out of all the major Celestial Bodies, our magnificent moon's cycles have a definite effect on our psyche. This course explores moon myths and magicks, so you can harness the lunar power for your own development and growth.

WHO WILL LOVE IT?

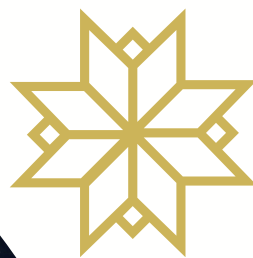

Anyone with an interest in the mystical and the magical will enjoy this exploration of the moon's cycles and associated magical practices. Even those who do not hold to magical practices may enjoy the use of the lunar cycle as a quirky personal development tracker.

WHAT WILL I GET OUT OF THIS SESSION?

During this session you will learn about the cycles of the moon and the attributes of each phase. We will also explore myths and magical practices tied to the moon. After attending the session you will:
