## TAROT FOR SELF-DEVELOPMENT

### WHAT IS IT ABOUT?

Most people know Tarot as a fortune telling device. But one of the most practical uses of the Major Arcana is as a map of human consciousness, which can guide us to know ourselves and our powers, and to access these powers to live a fuller, happier life.

### WHO WILL LOVE IT?

Anyone who has an interest in esoteric psychology, or who is interested to learn more about how Tarot can be used as a tool of meditation, and for practical self development. This course has four live workshops spanning six weeks, and daily tasks and meditations to complete, with ongoing support from the online group.

### WHAT WILL I GET OUT OF THIS COURSE?

During this session you will gain knowledge and understanding of the Tarot as a tool for aiding self development. After attending you will:

- Have an understanding of the powers, agencies and effects of the Major Arcana.
