BIRTH CHART BASICS

WHAT IS IT ABOUT?

We all know our 'Star Sign' (really our Sun Sign) but this is just the tip of the iceberg for our own astrological birth chart, and what this can teach us about ourselves. Astrological archetypes were a fascination of Carl Jung, whose work with them went on to inspire the Myers-Briggs 'Personality Types'. See what your own birth chart reveals about you!

WHO WILL LOVE IT?

Beginners to astrology will benefit from this eye-opening look at your personal chart, the zodiac archetypes, and the character aspects of each of the Planets. This session is a great jumping off point for further study of astrology.

WHAT WILL I GET OUT OF THIS SESSION?

During this session you will learn the basics of the first two filters of astrology (zodiac signs and planets) and will receive your own personal birth chart. After attending the session you will:

- Have a greater understanding of your birth chart, and self!
- Have the confidence and knowledge to explore what your planetary placements mean for you, and how you can use this information to escape behaviours that don't serve you.
- Be filled with a new respect for and understanding of yourself.
